

## KIMTECH PURE<sup>®</sup> A5 Coveralls and KLEENGUARD<sup>®</sup> Brand Coveralls Size Comparison Guide

KIMBERLY-CLARK PROFESSIONAL<sup>®</sup> Protective Apparel features our unique, patented REFLEX<sup>®</sup> Coverall Design which exceeds ANSI minimum standards. KIMBERLY-CLARK PROFESSIONAL<sup>®</sup> garments with the REFLEX<sup>®</sup> Coverall Design are larger and 7.5 times less likely to rip out vs. coveralls sewn to ANSI minimum sizing. That means they provide longer wear, which results in lower cost-in-use and increased worker productivity.

### Sizing for REFLEX<sup>®</sup> Design Garments

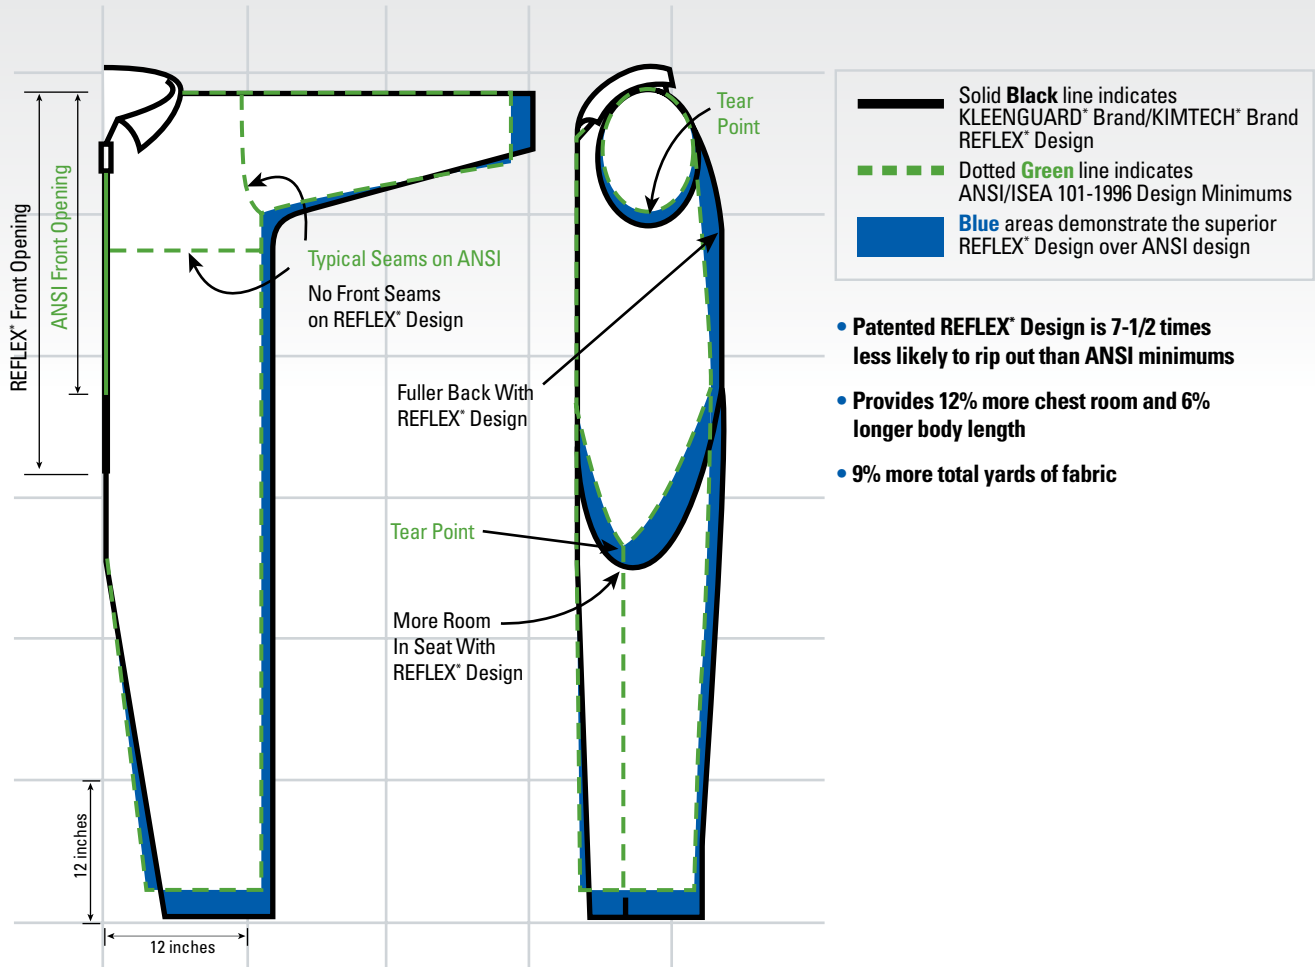

### ANSI Recommended Sizing
