Lota™
Seating

STYLE AND SUBSTANCE, PERFECTLY MESHED

A great chair doesn't have to cost an arm and a leg, it just has to properly support them. Introducing Lota, a mesh-backed chair with simplified comfort controls and all the features you'd expect from a quality office chair and a few you never expected. Lota's unique three-way pivoting arm supports elbows and forearms in virtually any position, and the intuitive counterbalance supports your specific body type without making adjustments to any levers. Lota, the kind of comfort that makes it easy to sit for a long time, with the kind of control unexpected in a chair this reasonably priced.

H2283 - Polished Aluminum

H2281 - All Black/Plastic

A CHAIR THAT CONFORMS TO YOU

3-WAY ADJUSTABLE ARMS

Arms reposition to various height, depth and pivot options with ease.

HEIGHT

DEPTH

PIVOT

COUNTERBALANCE

Lota uses your body weight as a counterbalance when leaning forward or reclining. So no matter how you sit, your lower back support remains constant — no adjustments needed.

SIMPLIFIED CONTROLS

Weight activated controls eliminate the need for confusing chair adjustments, such as levers and paddles.

THE FINISHING TOUCH

Choose either Black or Polished Aluminum finishes, and fabrics are available in Black, Charcoal or Navy.
