

Break-Apart Stretcher

The MedSource Break-Apart Stretcher is designed to be gently maneuvered under the patient without rolling or lifting. An open center permits the patient to be X-rayed while remaining immobilized on the stretcher. Composed of lightweight aluminum with an adjustable length and 3 patient restraint straps.

Maximum Weight Capacity: 350lbs
Length: 67"- 80.5"
Width: 17"

X-Ray Translucent

Break-Apart Stretcher

The MedSource X-ray Translucent Break-Apart Stretcher is constructed of impact-resistant, lightweight, easy-to-clean polyethylene plastic. The head section is recessed to provide proper cervical alignment, allowing the patient's spine to remain in the position found. Comes with 3 patient restraint straps.

Maximum Weight Capacity: 350lbs
Length: 63.5"-78"
Width: 18"
