

#1 IN DURABILITY

MWG UTILITY

SKU: 08-8060-80-[SIZE]

We took our #1 all-purpose glove and dressed it in all black. The **MWG Utility** has abrasion resistant reinforcement patches, to protect the palm and maintain a steady grip. Stretch mesh fabric on the top of hand wicks away heat and moisture. A heavy duty saddle reinforces critical wear areas where the thumb meets the palm. The Velcro hook and loop closure secures fit while locking out dirt and debris. Terry cloth is featured on the thumb to wipe away sweat from a hard day's work.

- Extensive Non Slip Reinforcement for Durability & Grip
