

# M12™ HEATED GEAR

Powered by M12™ REDLITHIUM™ Battery Technology, Milwaukee® M12™ Heated Gear distributes heat across core body areas to stop cold dead in its tracks. Durable carbon fiber heating elements woven in between rugged exterior materials and thermal insulating liners generate and maintain heat to keep you warm in any weather conditions. On or off the jobsite, Milwaukee® M12™ Heated Gear provides all day heat on a single battery charge for use in all seasons and outdoor environments. M12™ REDLITHIUM™ Batteries are compatible with 70+ tool solutions.
