Description

This fluoropolymer protective barrier for textile fibers helps to retard soiling and improve stain resistance to keep carpets, mats and rugs looking cleaner longer. This highly concentrated product is an economical treatment that dries to an invisible transparent film which encapsulates each fiber. Treated areas stay cleaner longer and are free of streaks and spots. The innovative technology outperforms conventional protective products to help provide maximum longevity to valuable textile floor coverings. Water based, this product is virtually odorless and is completely nonflammable.
