

ET MAX

Dual Ear Headset

with Noise Canceling Boom Microphone

Motorola's ET MAX Dual Ear Headset w/ Noise Canceling Boom Microphone will allow you to talk and listen on your two-way radio in noisy areas. The ET Max features extra large foam filled ear shells and space age plastic components that afford a solid comfortable fit. Instead of a stiff heavy metal band, each ET Max headset is fitted with a rugged poly carbonate plastic band, adjustable to fit anyone. The ET Max is compatible with all RDX, XTN, AX, CLS and M-Series walkie-talkies.
