

M-PACT® 3

IMPACT RESISTANT HAND PROTECTION

When you want all-around heavy duty protection you want our M-Pact® 3 Glove. It starts with a Kevlar® molded split-knuckle for superior protection. We then went a step further by adding impact-absorbing, molded Thermal Plastic Rubber finger protection, along with an anatomically shaped multi-layer leather palm with EVA interior foam padding. For comfort and flexibility, there's a heavy duty stretch panel and Spandex padded top.

ULTRA KNUCKLE PROTECTION

Molded Kevlar® split-knuckle shell shields impacts for optimum protection.

IMPROVED GRIP

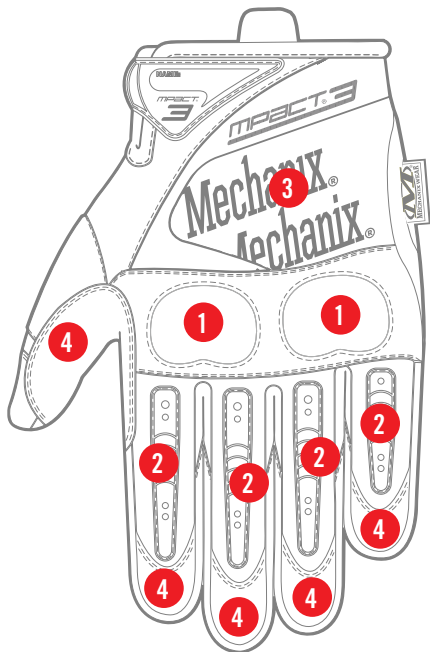

Rubberized grip panels on thumb, fingertip and palm improve control.

M-PACT® 3

AVAILABLE COLORS
