

# M-PACT®

## IMPACT RESISTANT HAND PROTECTION

You talked, we listened. Returning to our roots, we completely redesigned the M-Pact® Glove from scratch. Offering full-coverage hand protection, the M-Pact® features a new rubberized grip on thumb, index finger and palm, and sonic welded molded rubber on knuckles and fingertips. High impact PORON® XRD™ in the palm absorbs more shock and vibration associated with repetitive tasks than its much thicker, traditional EVA foam counterpart.

### KNUCKLE GUARD

Impact Guard™ integrated with TPR knuckle and finger protection for improved dexterity.

### IMPACT PALM

A second layer of material aids in durability with PORON® XRD™ for impact absorption.

# M-PACT®

AVAILABLE COLORS
