

PIG® Green Ham-O® Absorbent Mat Roll in Dispenser Box

#MAT113 - Medium-weight • 16" x 80'

Distinctive Ham-O top conceals absorbed leaks and drips. Scuff-resistant top layer stands up to foot traffic in aisles and walkways.

- Lasts 2X longer than ordinary mats for fewer change-outs, absorbs everything, works everywhere; that's why more plants worldwide use PIG Mat than any other brand
- Absorbed leaks and drips blend right in; Exclusive "hamouflage" top layer saves on product and disposal costs; absorbed grime is invisible, so you'll leave mat in place longer and save money!
- Fast-wicking dimple pattern transfers liquids from the top layer into the absorbent inner layers; spills disappear in seconds
- Tough, scuff-resistant, spunbond top layer stands up to heavy foot traffic; won't rip, tear, fray or create a trip hazard, even when saturated
- Under the Ham-O top layer is the proven eight-layer, 100% polypropylene construction of PIG Mat, the strongest mat on the market!
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Dispenser box makes it easy to take, carry and store your mat while protecting it from dirt and moisture
- Rolls are ideal for walkways and large areas to soak up leaks and overspray
- Easy-tear perforations let you take only what you need, so you use less mat and save money
- Medium-weight construction offers great performance for everyday tasks and cleanups
