

PIG® HazMat Mat Pack

#MAT311 - Heavy-weight • 15" x 20" • 100 pads

Lasts 2x longer than ordinary mats for fewer change-outs.
Specially made for acids, bases, corrosives and chemical spills.

- Absorbs the widest range of acids, bases, corrosives, chemicals and unknown liquids - even those with high concentrations like 98% sulfuric acid and 30% sodium hydroxide
- Chemical-resistant mat won't degrade or cause a dangerous reaction upon contact with corrosive spills
- Eight layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fiber construction won't leave behind liquids or fiber residue
- Pink color is easily distinguishable to assure workers use the correct mat during a spill emergency
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Packaged for easy handling and reducing waste; individual PIG Mat Packs help to control inventory and are ideal for distributing to on-the-go workers
- Printed poly bag identifies product and protects mats from dirt and moisture; stores almost anywhere
- Heavy-weight construction is highly durable and absorbent for demanding tasks and large-volume cleanups

Always in stock. Ships within 24 hours.
