

PIG® Oil-Only Absorbent Mat Pad with Chuck® Box

#MAT4008 - Heavy-weight • 20" x 15" • 200 pads

Lasts 2x longer than ordinary mats for fewer change-outs, while only absorbing oil and fuels, NOT water. Loves oil. Hates water.

- Our most cost-effective mat when you only need to absorb oil-based liquids
- Eight layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fiber construction won't leave behind liquids or fiber residue
- Absorbs oil and fuels, NOT water
- White color tells you it's only for oils and fuels; draws attention to machine leaks and clearly shows saturation level during spill response
- Floats to clean up spills on water
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Convenient, temporary storage boxes reduce the need to purchase absorbents and waste containers separately; place mat dispensers in supply areas and Chuck Boxes at point of use for added convenience
- Remove mat dispensers from Chuck Boxes, then add provided plastic liners for convenient, temporary storage of used absorbents (not a UN Rated shipping package)
- Dispenser boxes make mat easy to access, carry and store while protecting contents from dirt and moisture
- Heavy-weight construction is highly durable and absorbent for demanding tasks and large-volume cleanups

Always in stock. Ships within 24 hours.
