

PIG® PomPom Oil-Mops

#PIG400 - 6" x 18" • Absorbs up to 49.5 oz. per each • 30 each

Mop-like construction with high surface area helps you absorb thick oils on water.

- Dense construction and honeycomb design make PomPoms highly effective for spill-response areas with hard-to-reach crevices and grooves such as beaches, ponds, piers, bulkheads, marshes and rocky shorelines
- Pull- and tug-resistant polypropylene PomPoms soak up thick fluids and oils; durable steel wire tie holds strands together
- Useful for collecting large and small spills of high-viscosity oils such as Numbers 4, 5 and 6; also effective on Crude and Bunker C oils
