

Spillblocker® Dike

#PLR223 - 4" x 10' x 2.25"

Spills are bad enough without letting them spread or go down your drains. Quickly confine or divert those spills with the SPILLBLOCKER® Dike.

- Fast protection for when a spill is heading right for your drain; just place Dike in front of spill to contain liquid
- Exclusive New Pig formulation features a harder, tear-resistant top layer that withstands repeated use and abrasion combined with a flexible, tacky bottom layer that molds to smooth surfaces and blocks liquids from seeping underneath
- Confines and diverts fluids without absorbing them, making cleanup or reclamation simpler
- Polyurethane material resists water, oil and many chemicals
