

PIG® Poly-Back UV-Resistant Oil-Only Mat Roll

#MAT486 - Extreme-weight • 32" x 75'

Withstands direct sun for up to a year without disintegrating.
Absorbs oils and fuels, NOT water.

- Tough spunbond top layer won't rip, tear or fray and is UV resistant up to 12 months; provides long-term outdoor use without degradation
- 2-mil poly back prevents absorbed liquids from reaching the ground
- Sixteen layers of 100% polypropylene are thermally bonded to form one highly absorbent mat
- Exclusive dimple pattern speeds wicking of liquid throughout mat
- Highly absorbent melt-blown fine fibers won't leave behind liquids or residue
- Absorbs oil and fuels, NOT water
- Fast-wicking "diaper action" transfers liquids into the absorbent inner layers
- Bright-white color tells you it's only for oils and fuels and makes absorbed oil easier to see; draws attention to machine leaks and clearly shows saturation level during spill response
- Rolls are ideal for covering large areas
- Flame-resistant material won't burn immediately like cellulose
- Double-thick design absorbs high-volume oily leaks while impermeable backing prevents oil from leaching through
- Great for long service intervals outdoors
