

BRUTE

THE BRUTE® CONTAINER IS DESIGNED WITH FOUR BUILT-IN VENTING CHANNELS that create airflow throughout the container. This air circulation eliminates the vacuum effect that occurs when lifting out liners in traditional containers. By reducing the pull force required to lift out liners by up to 50%, the BRUTE container improves productivity and reduces the risk of injury.

THE TOUGHEST JUST GOT MORE PRODUCTIVE

VENTING CHANNELS

50% easier to lift liners

BAG CINCHES

Efficient knot-free liner changes

CONTOURED BASE HANDLES

Easier lifting and emptying
