

# DTM ALKYD ENAMEL V7400 SYSTEM

Equipment  
and Tanks

Structural Steel  
and Rails

Pipes and more

**Rust-Oleum's original solution  
for industrial protection  
against the ravages of  
rust and corrosion.**

- Low VOC for use in regulated areas
- Maximum hide and coverage
- Long lasting superior protection
- Dries tack-free in 2 to 4 hours

# DTM ALKYD ENAMEL

## V7400 SYSTEM

### 340 VOC DTM Alkyd Enamel

**Less Prep Time** • Easy direct-to-metal application with minimal surface preparation

**Less Application Time** • Superior hide and coverage compared to competitive industrial enamels

**Less Downtime** • Excellent one coat coverage saves time and resources

**Greater Lifetime Value** • Long lasting color and gloss retention; protects against mild chemicals, fumes, oil and grease; resists chipping, cracking and peeling

### Typical applications

General Maintenance • Industrial/Commercial • Interior/Exterior • Equipment • Pipes  
Railings • Vehicle Refinishing • Structural Steel • Metal Cabinets • Gates • Fences • Lockers  
Vents • Towers • Drill Platforms • and more
