

Foam Bumper Guards

Protruding corners, edges and obstacles pose a high risk of injury. As a gate arm guard cushion, guards can help protect vehicles and pedestrians from contact with a moving gate arm. These warning and protective bumpers are made of recyclable polyurethane foam. A special protective foil cover ensures that colors don't wear off even with heavy use. Offered with a self-adhesive, slide-on, or steel support (ST) installation. Also offered in a 16' length that can be cut to desired lengths for any application.

- Keeps its shape
- Quick & easy installation
- Many applications

Foam Corner Bumper (type A), 39 1/2" x 1 1/16", 1 lb.	3255-00001

Rubber Corner and Wall Guards

Manufactured from high-impact virgin rubber, these corner and wall protectors are long lasting, durable and cost-effective solutions. High Intensity reflective tape increases visibility, especially at night and provides the necessary guidance to drivers when parking in tight spots. Why not prevent damage to your parking facility before it occurs? Rubber corner and wall guards not only help protect your parking structure, but also help protect your customers' vehicles from potential dents and scratches. Ideal for surface and multi-level parking lots, interior warehouse walls and areas surrounding loading docks. Corner and wall protectors are available in 3 models.

Corner Guard, 30" L x 4" W x 0.3" Thick, 4 lbs.	5874588
Rounded Corner Guard, 24" L x 4.7" W x 0.8" Thick, 5.5 lbs.	5874589
Wall Protector, 40" L x 6" W x 2" Thick, 11 lbs.	5874590

Lightweight Gate Arm Pads

These lightweight foam pads cover the bottom of gate arms, providing a measure of protection to vehicles and pedestrians. Gate Guard II includes six screws to attach to gate, while the MP includes elastic straps to keep the pad in place.

- Standard length is 54"
- May be cut to length
