

I. Product Description

Throttle Body & Air-Intake Cleaner effectively cleans power-robbing gums and varnishes from throttle bodies and air intake systems on fuel-injected vehicles. **Throttle Body & Air-Intake Cleaner** improves performance, eliminates hesitation and rough idling while lubricating all moving parts. For maximum performance and MPG use **Throttle Body & Air-Intake Cleaner** and **MAF Sensor Cleaner** every time you service your air filter.

II. Applications

Recommended for the cleaning of throttle bodies and air intake systems on fuel-injected vehicles, **do not use** on vehicles equipped with superchargers, turbochargers, diesel engines and/or rotary engines.

III. Features & Benefits

- **Prevents build-up** on throttle bodies and air intake systems
- **Removes Harmful Deposits** that can decrease engine performance
- **Lubricates and Protects** moving parts

IV. Physical Properties without propellant

Flash Point	<0°F	Boiling Point (initial)	175°F
Odor	Aromatic	Solubility	Neg. in water
Appearance	Clear, pale yellow	% Volatile	100%
Vapor Density	Not Determined	Specific Gravity	0.856
VOC Content (Fed)	760 g/L	Vapor Pressure	Not Determined
Sara Title III, Sect. 313 Chemicals	Yes	Freezing Point	Not Determined
Prop 65	Yes	Propellant	Hydrocarbon

V. Specifications and Approvals

- Not Applicable

VI. Performance Characteristics

- Not Applicable

VII. Directions

- * **Do not use** on vehicles equipped with superchargers, turbochargers, diesel engines and/or rotary engines.
- * **Do not** spray through air filter or across mass air flow sensor. Use **CRC MAF Sensor Cleaner** for proper MAF cleaning.
- * **Do not** spray on painted surfaces. Wash off overspray immediately.
- * With engine off, remove air intake duct to expose the throttle body. It may be necessary to remove the MAF Sensor. Place a rag under the throttle body to collect runoff.
- * Attach straw to spray button. Manually move butterfly valve back and forth while spraying-**do not** spray continuously. Be sure to clean throttle linkages as this product will leave a lubricating residue.
- * Reassemble MAF, air intake duct and filter.

VIII. Package Description

Part Number	Container Size
05078	16 oz Aerosol
85078	16 oz Aerosol

IX. Disposal

Disposal requirements vary by state and local jurisdiction. All used and unused product should be disposed of in conformance with local, state and federal regulations.

IX. Special Use Warnings

Aerosol Cans

Do not puncture, incinerate or store above 120° F. Exposure to high temperatures may cause can to burst. Do not place in direct sunlight or near any heat source. Aerosol cans will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

General

Use only in well ventilated area. Ventilation may be improved by opening a window or door or providing mechanical assistance. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. If ventilation is not adequate, respiratory protection should be worn. For more information regarding short term and long term exposure, review this product's Material Safety Data Sheet.
