Safety. Speed. Strength. Safety. Speed. Strength. Safety. Speed. Strength. Safety. Speed. Strength.

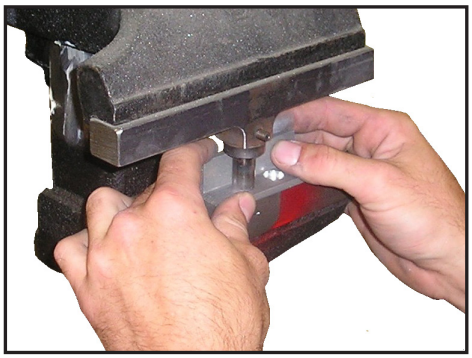
THE CAGE® IS THE KEY

POSI LOCK® PULLER, INC.

Posi Lock set the standard using the most advanced technology to provide you with the safest and highest quality specialty tools.

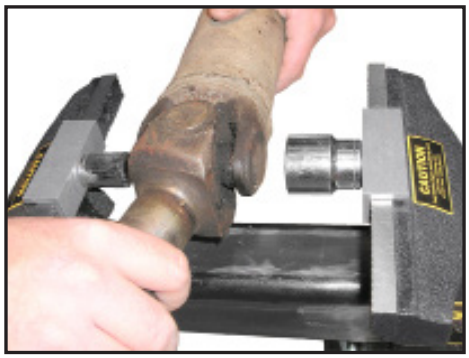
The Hydraulic Bench Vise is durable, powerful and precise. It is operated with a foot pump, leaving both hands free to manage your project. It is popular among automotive repair and maintenance shops, but is used in many industries.

TARGET MARKET: MAINTENANCE SHOPS

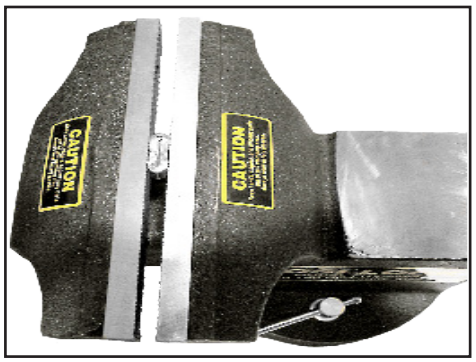


Use as a press in repair shops

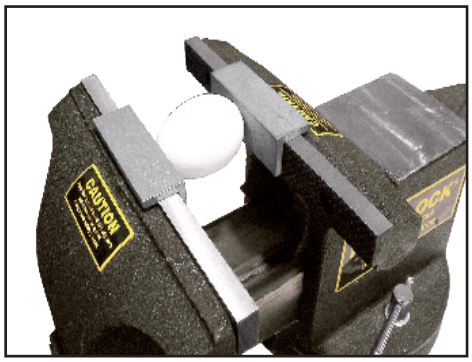
Enough power to easily form steel



Makes U-joint removal easy



Features 5 tons of clamping force:
Enough power to crush a half-inch nut, yet precisely clamp an egg



BENEFITS AND SOLUTIONS

Posi Lock's Hydraulic Bench Vise has many advantages over a conventional bench vise:

- 5 tons of clamping power
- Frees up your hands with foot pump control
- Cast steel construction 52,600 PSI tensile strength
- Jaws are 8 inches wide and open 8 inches
- Makes it easy to work on any repetitive, heavy, oversized or awkward projects

Safety. Speed. Strength. Safety. Speed. Strength. Safety. Speed. Strength. Safety. Speed. Strength.

THE ISSUES

Conventional bench vises are manually operated in a horizontal position and do not give the user the power, control or stability required to complete a job. This is even more evident when additional interaction is necessary for set-up and operation.

Posi Lock's PHV589A Hydraulic Bench Vise is the most advanced of its kind, proving itself over and over in shops across the globe.

OUR SOLUTIONS

The Posi Lock hydraulic bench vise provides hands free operation in both horizontal and vertical positions to perform all clamping, pressing or work-holding applications easily. With 5 TONS of clamping force and an air control valve for speed and safety, the industrial strength vise is the perfect vise for any shop.

The PHV859A includes:

- 5 ton hydraulic vise
- Air over hydraulic 10,000 PSI foot pump with air control valve
- 10,000 PSI gauge
- 10 foot hydraulic hose
- Set of Posi Lock Hold-Et's (Magnetic Vise Clips)
