Continual Cleaning Action

Biological Floor Cleaner

High-performance floor cleaner, odor eliminator and grease digester recommended for use in commercial food service areas. Contains a blend of detergents, emulsifiers, builders and non-pathogenic bacteria specifically selected to digest complex proteins, starches and fats. This product's unique bacterial action continues to clean between regularly scheduled cleanings to help keep grease accumulations to a minimum.

Benefits:

- Environmentally preferred - low VOC, no APE's, no butyl
• Highly effective against grease
• Uses bacteria to clean out tile pores and other hard-to-clean areas
• No rinsing required

Applications:

- Quarry tile, concrete, ceramic tile and terrazzo.
• Softer flooring materials such as vinyl, vinyl composition and rubber

Directions for Use:

Dilute 1 to 4 ounces of product per gallon of warm water. Do not use excessively hot water (above 105°F). Apply solution to floor and mop in the usual manner leaving floor surface with as little fluid as possible. No rinsing required or recommended. After mopping area, pour used solution down drain. Grease traps will be treated from the daily use of this product. NOTE: Use this product by itself. DO NOT mix or use with acid, alkaline, or bleach-containing products. For use on floors only. DO NOT use on food contact surfaces.
