PRODUCT SPECIFICATION REPORT

PROD. #2429
607

FS FORMULA 12167™

Chlorinated Disinfectant and Germicide

DESCRIPTION

A liquid chlorine sanitizer and deodorant for use in all types of food-handling establishments.

FEATURES

- Economical
- Versatile
- Special uses
- Deodorizes
- U.S.D.A. authorized
- Color-coded

BENEFITS

- As little as 1 ounce in 2 gallons of water is sufficient for sanitizing.
- Uses range from sanitizing equipment and hands to sanitizing eggs.
- Can also be used to sanitize commercial laundry.
- Characteristic "chlorine" fragrance provides deodorizing activity in addition to destroying bacteria which generate many disagreeable odors.
- Authorized as a no-rinse sanitizer for equipment, as a hand sanitizer in meat and poultry plants, and as an egg sanitizer in egg plants.
- Product labeling is color-coded red for easy use with other color-coded Zep food systems products.

APPLICATIONS

May be used in canneries, seafood processing plants, wineries, vegetable processing plants, institutional kitchens, breweries as well as:

Bakeries
Bottling Plants
Eating & Drinking Facilities

Dairy Farms
Eating & Drinking Establishments
Egg Processing Plants

Meat & Poultry Processing Plants
Nursing Homes & Hospitals
Sanitary Services
