BSI-525

High-Foaming Chlorinated Cleaner

A high-foaming, all-purpose liquid detergent which combines surface-active agents with the power of alkalinity and chlorine bleach. Contains sequestering and chelating additives for effective performance in hard water conditions. May be used as a general cleaning agent on equipment, utensils, walls and floors by brush or by a foaming device in all departments of meat, poultry and general food processing plants. Not to be used on aluminum surfaces.

Recommended for use: utensils, walls, floors, and equipment

DILUTION RATIO: 1 to 14 ounces per gallon of hot water (adjust as needed)

REORDER: BSI5251, BSI5252, BSI5253, BSI5254
