

PRODUCT SPECIFICATION REPORT

FORMULA 12475™

Low-Foam Cleaner for Iron and Steel

DESCRIPTION

Non-foaming, caustic, powdered cleaner and degreaser. Formulated for use in spray cabinet parts washers for cleaning and degreasing iron and steel. A blend of caustic and other alkalies, non-foaming detergents and emulsifiers.

FEATURES

- Heavy duty
- Non-foaming
- Non-phosphate
- Biodegradable

BENEFITS

- Removes grease, grime, oil, varnish, engine enamels and loose carbon.
- Generates no foam to interfere with the operation of a parts washer.
- Environmentally desirable in some locations because it contains no phosphates.
- Contains only biodegradable detergents and emulsifiers.

APPLICATIONS

Recommended for all makes of spray cabinet parts washers at 1/8 to 1/2 pound per gallon. Use also at 1 to 2 pounds per gallon in hot vats. Use on iron and steel. Do not use on zinc, aluminum, or galvanized metals. Particularly useful in:

Automotive Parts Stores
Automotive Repair Shops
Motorcycle Dealers

New & Used Car Dealers
Passenger Car Rental & Leasing
Service Stations
Truck Rental & Leasing
