

454/5 HF SHK Set 1 Screwdriver set T-handle screwdriver Hex-Plus with holding function, 5 pieces

<b>EAN:</b>	4013288228000	<b>Size:</b>	265x130x65 mm
<b>Part number:</b>	05136070001	<b>Weight:</b>	730 g
<b>Article number:</b>	454/5 HF SHK Set 1	<b>Country of origin:</b>	CZ
		<b>Customs tariff number:</b>	82054000

- Tool set with 5 T-handle screwdrivers for operations in plumbing, heating and air conditioning
- T-handle screwdriver for the transmission of particularly high tightening and loosening torque
- Extra long blades
- Ergonomic 2-component handle with finger handle recesses and pleasant surface feel for very high power transmission and fatigue-free working
- With additional short arm for the transmission of extremely high torques due to the leverage of the long arm
- With holding function (HF) on the long arm to securely hold the screw on the tool
- Take it easy tool finder: colour coding according to profile and size

Tool set with 5 T-handle screwdrivers for hexagonal socket screws. With extra-long blades for low-lying couplings. Hex-Plus offers larger contact surfaces in the screw head. The notch effect is reduced to a minimum and the destruction of the screw is nearly eliminated. With holding function to hold the hexagonal socket screw securely on the tool. Particularly suitable for operations in plumbing, heating and air conditioning. T-handle screwdrivers: The ideal handle shape allows the transmission of particularly high tightening and loosening moments. The ergonomic shape of the handle fills the ball of the hand well, the fingers lie securely in the softly rounded recessed grips. The whole hand comes into contact with the handle and friction losses between hand and handle are avoided. Special surface treatment of the blades for high corrosion protection and optimum fitting accuracy in the screw.

**454/5 HF SHK Set 1 Screwdriver set T-handle screwdriver Hex-Plus with holding function, 5 pieces**

**For HVAC services (plumbing, heating and air conditioning)**

Tool set with 5 T-handle screwdrivers for hexagonal socket screws. Particularly suitable for operations in plumbing, heating and air conditioning.

**Ergonomic 2-component T-handle**

The ergonomically shaped 2-component T-handle with finger recesses and pleasant surface facilitates very high power transmission and fatigue-free working.

**Holding Function (HF) for hexagon socket screws**

A spring loaded ball ensures the hexagon socket screw to be clamped on the tool tip. Especially helpful in hard to reach areas where you can not use your other hand to hold the screw.

**Second arm**

The additional short arm, which emerges laterally from the handle, allows the transmission of extremely high torques by using the long arm as a lever.

**High torque transfer**

By using the blade as an extension of your lower arm you can transfer particularly high torque.

**Corrosion protection and fitting accuracy**

Due to the special surface treatment, the blades receive a high level of corrosion protection. The optimum fitting accuracy of the screw is also guaranteed.

**Take it easy Tool Finder**

Screwdrivers with Take it easy tool finder: colour coding according to profile and size stamp.
