H01073 BUNGEE TETHER DUAL-ACTION SWIVEL CARABINER

The GRIPPS® Bungee Tether Dual-Action Swivel features an oversized dual-action swivel carabiner, elasticised webbing manufactured from robust polyester, and a high-visibility wide tail loop with an additional grip-weave for secure fastening to tools or anchor points.

In addition to its lightweight design, the elastic properties of the bungee material efficiently absorb the downward force generated by a dropped tool.

When arresting the fall of a dropped tool, the GRIPPS® Bungee Tether Dual-Action Swivel Carabiner extends up to 40cm/16", effectively mitigating the downward force and stabilising the user while safeguarding against bounce-back.
