Robust material

The material used is distinguished by its high level of robustness.

Robust loops for a secure hold

The robust loops made of broad rubber band hold the tool safe and tight.

Flexible due to hook-and-loop fastener strips

The textile box features a fleece zone at the back. Using the provided self-adhesive hook-and-loop fastener strips, the textile box can be attached to the Wera 2go components. Or to the wall, shelf or workshop trolley.
