

#8094S

WIRE HAND BRUSH (STAINLESS STEEL)

End Brush with Ergonomic Handle and Durable Nylon

The BrushAll™ Stainless Steel Wire Hand Brush is your go-to abrasive for virtually any job. It is ideal for removing rust, corrosion and debris in all areas of maintenance and repair. The stainless steel, twisted-wire head is mounted to an ergonomic handle that allows a comfortable grip in multiple positions and avoids hand fatigue while applying maximum force when pushing and twisting. Measuring 7" long with a 1.25" diameter head, the industrial-grade brush outperforms standard wire brushes in many applications involving cleaning recessed areas, surface prep, parts cleaning, machinery maintenance, general repair work and more.

Features and Benefits

- Professional-grade, stainless steel wire bristles
- Resists chemicals and solvents
- Removes dirt, debris and rust
- Cleans corners, recesses and hard-to-reach areas where standard brushes cannot
- Ergonomic handle maximizes grip for pushing, pulling and twisting
