

#4205

SMART MUTT® X

SHOP MODEL

A Universal, Remote-Controlled, Mobile Diagnostic Light Tester for All North American Trailers

Built to facilitate a one-man testing operation, the Smart MUTT® X Shop Model reduces guesswork and inspection time to prevent failures that lead to expensive road calls and citations. Designed to test lights and electric brakes on both light-duty and commercial trailers, the #4205 features a rugged cart with a storage shelf for the included accessories and an integrated battery compartment large enough to support a group-31 battery.

Features and Benefits

- Remote-controlled operation of lights and electric brakes
- One-man testing saves time and money
- Automatic ground, cross, open, overload and short circuit fault indicators
- Chase down short circuits without blowing fuses with integrated Pulsar® mode
- Ammeter 0-20 amps
- Can be used to trigger ABS blink codes
- Rugged cart body for mobility in and outside the shop

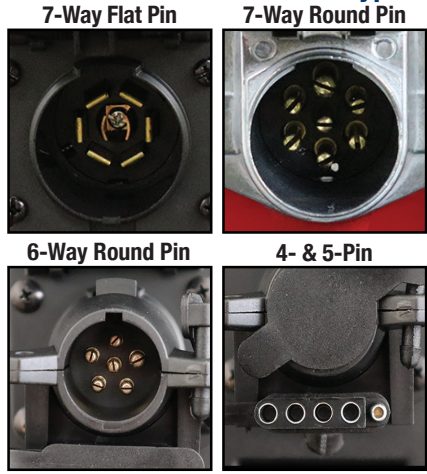

Compatibility

- 7-way round pin and 7-way flat pin
- 6-way round pin and 4/5-pin with adapter
- Electric brakes up to 3 axles (20 amps)
- Electric over hydraulic brakes (up to 20 amps)

Includes

- (2x) 12-Button Remote Controls
- 5' 7-Way Cable
- 3-Way Trailer Adapter
- 10-Amp Smart Battery Charger
- Rain Cover
