

SHIELD AND PROTECT. BATTERY CORROSION PREVENTATIVE.

STOPS CORROSION.

NCP2 is formulated to make all surfaces impenetrable to corrosion-causing acid fumes. Environmentally safe and resistant to reversion, moisture, shock and vibration.

EXTEND BATTERY LIFE.

Stops battery corrosion for the life of your battery. Eliminates resistance for improved cranking power.

CLEAN AND PROTECT.

NCP2 Battery Corrosion Preventative can be used in conjunction with NOCO Step 1 Battery Cleaner + Acid Detector and other NOCO Step 2 products for ultimate protection.

PROVEN FORMULA.

THE ORIGINAL CORROSION PREVENTATIVE.

For over one-hundred years, NOCO NCP2 Battery Corrosion Preventative products have prevented corrosion in billions of applications around the world. Its original formula remains unchanged since 1914, and is made in the USA.

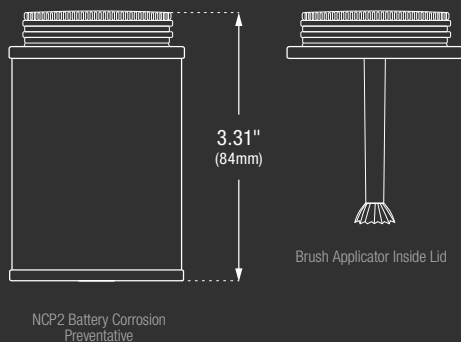

PREMIUM OIL-BASED FORMULA.

NCP2 is made from a premium oil-based compound that never dries or evaporates. This viscous compound provides an impenetrable seal around battery terminals, keeping them free from power robbing corrosion.

UNIVERSAL APPLICATION.

Apply to any vehicle battery. NCP2 is suitable for battery terminals, cables, hold-downs, enclosures, boxes and carriers.
